

Community Partners for Better Health  
presents

# The Spotlight on Health Lecture Series

Join us for a **free** series of lectures by health experts who will answer your questions on important health topics. Community organizations and resources to help you and your family get and stay healthy will also be available.

**Come Join Us!**

**April 23, 2008: 6:00-7:30 p.m.**  
**West Las Vegas Library: 951 W. Lake Mead Blvd**

### Skin Cancer Awareness Month

In recognition of April's *National Minority Cancer Awareness Week* and May being *Skin Cancer Awareness Month*, Lisa Roof, MPH will discuss the importance of skin cancer awareness for minorities. Come hear and learn the necessities on skin protection.

### Power to End Stroke Movement

The American Heart Association/American Stroke Association's **Power To End Stroke movement** is empowering African Americans to reduce their risk by making health lifestyle changes. **African-Americans** have higher rates of stroke than any other racial or ethnic group in the United States. Come out to learn how to reduce the risk from the 3<sup>rd</sup> leading cause of death, and long term disability among Americans.
